It is critical for all stakeholders, not just the coding professionals, to fully understand ICD-10, the need for it and the role it plays in the payer reimbursement process and the continuum of patient care.

“Be prepared for the impact that ICD-10 will have on all job roles and ensure the appropriate level of training.” - AHIMA

Your CHALLENGE
Employee readiness for ICD-10 & Compliance
Tracking and Monitoring progress and completion
Periodic reminder of non-completion

Why you will love ezLearning?
One Stop Shop – eLearning for ICD-10 (HIM Coding Professionals, Physicians & Clinicians), OSHA, HIPAA, JCAHO
